THE REMINDER

Scottsboro High School
Scottsboro, Alabama

1968

DEDICATION

With deep admiration and gratitude we sincerely dedicate our 1968 Reminder to one who has gained our deepest respect and has shown continued interest and dedication to the students of Scottsboro High School---Mrs. George Armstrong.

You have made an enormous contribution to Scottsboro High School as a member of our faculty, but to us students you have been far more than just a teacher. You have made a deep impression upon the hearts of so many students by being an understanding friend. You have found great satisfaction in aiding us students toward the full realization of our potentialities. You have rendered a valuable service to our school through your sponsorship of the Future Teachers of America. You have generously given of your time to help with such projects as building homecoming floats. You have gained our respect by first respecting us. You have shown that you believe wholeheartedly that student participation and cooperation are essential to Scottsboro High School.

May this 1968 Reminder be a small token of our appreciation for the boundless service that you have rendered to each one of us at Scottsboro High School.

As we journey on the road to the future, we reflect on our memories of SHS with pride in our achievements, laughter in our joyful times, and thoughtfulness in our serious moments.

Scottsboro High School reflects the lives of its people -- the intellectuals, the teachers, the followers, the leaders, the nonconformists, and the individuals. All are essential and have their places in the student body. It is the center of their activities, their interests, their studies, and the basis for the forming of their characters.

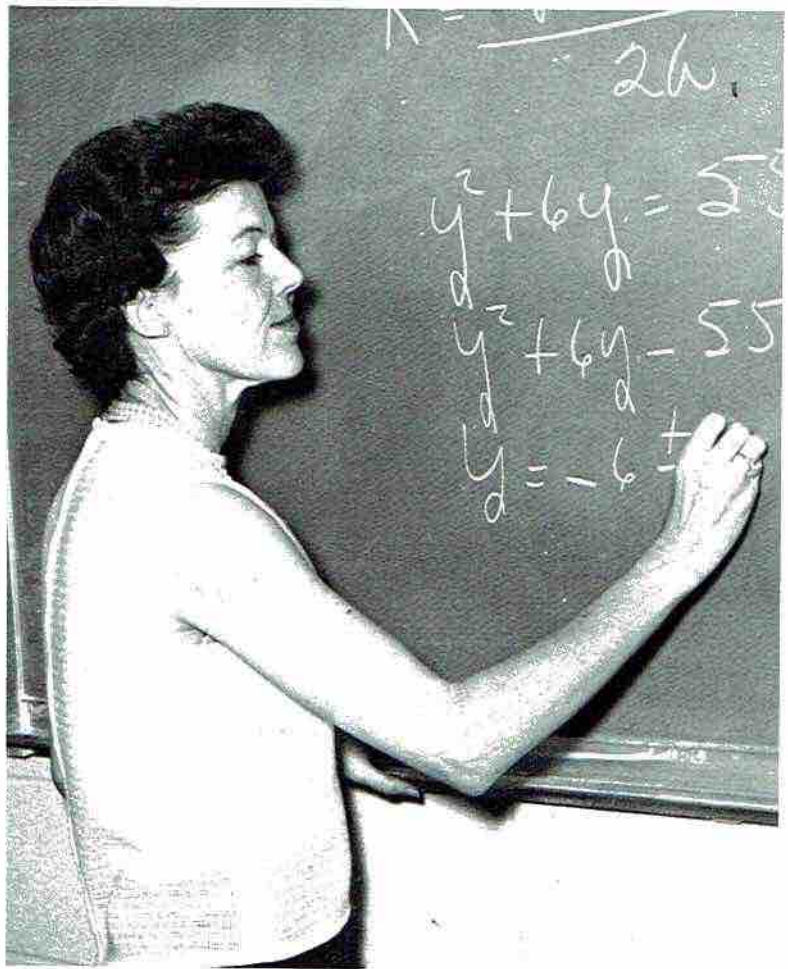

The purpose of this book is to be a reflection of the past year and the memories it holds for each and every one of us.

Schroeder Brandon says, "Let's hear it for Beethoven!"

Get off my foot!!
