## NINTH GRADE CLASS HISTORY

In 1945 twenty-three boys and girls entered the first grade at Limrock. We felt very big and important getting to start to school. After a few weeks we were very disappointed because we had not learned to read as fast as we thought we should. The first year finally passed and most of us passed to the second grade.

As the years have passed, fifteen of the original twenty-three have moved or dropped out of the school and others have taken their place. We now have twelve members in our class.

When the bell rang to open school for the term of 1953-1954, we felt very proud and important because we were the ninth grade. We will be the first class to go on a class trip. We are having the distinction of sponsoring the first annual.

We are now ready for a great future.

## CLASS PROFEY

One day as I sat in English class looking out the window, I started day dreaming about the future of my classmates.

In the first grade class room of Limrock School, Betty Bates sits behind the desk talking kindly to a little boy who writes his name upside down. But wait, Betty comes on the scene singing a love song.

Then my dreams drift to the "Rocket City" and there Jane Wright is planning a rocket trip to the moon.

As my dream cloud drifts by the Capitol, Ina Smith is hard at work with the files in the Presidents office.

Edna Hall is a professional skater, teaching a group of girls to skate who are falling more than skating.

All of a sudden, Lucy Hastings appears starring in a new romance picture.

Next in my dreams is Lila Lindsay, teaching a group of 4-H club girls handicrafts.

Then there is Garner Hastings, manager of a rodeo and Kenneth Wright the top rider.

Billy Gibson is a farmer sitting at home farming by push buttons.

And last in my dreams there is Una Rousseau and Ann Gentle trying unsuccessfully to curl a bald headed womans hair. As I was awakened I was dreaming of Wintford Rousseau who is sitting behind a large glass top desk trying very hard to diagnose the case of a patient.

LAST WILL AND TESTAMENT  
of the  
NINTH GRADE

We, the ninth grade of 1953-1954 being of sound mind and soon to depart from Limrock School, do declare this to be our last will and testament;

To Mrs. Davis and Mr. Clem we, the ninth grade, leave our gratitude for your patience and knowledge we have gained under your supervision.

Betty Bates leaves her height 4' 11" to Jo Ann Berry.

Anne Gentle leaves her love for math to Mr. Clem who knows how she loves it.

Lucy Hastings leaves her shyness toward boys to Mickey Wells.

Una Rousseau leaves her big mouth to Mildred Hass.

Edna Hall leaves her blond hair to Alvin Frazier.

Ina Smith leaves her popularity to Viola Matthews.

Jane Wright leaves her good grades to C. A. Hopper.

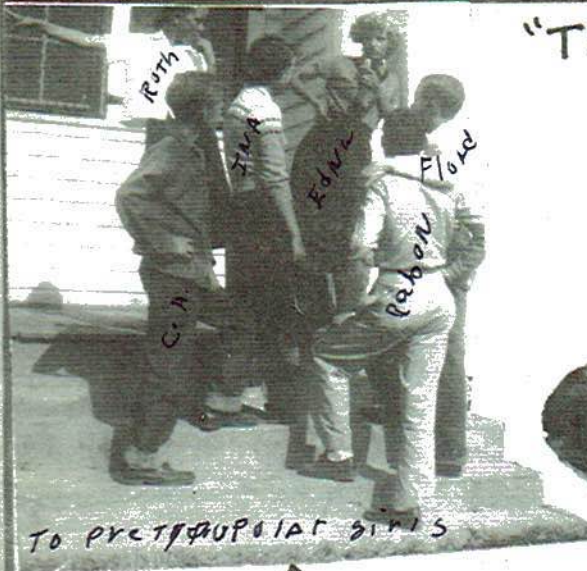

Lila Lindsay leaves her whispering voice to Floyd Hooper.

Kenneth Wright leaves his cowboy pants to Rabon McCormick.

Garner Hastings leaves his height 5' 11" to Bobby Saint.

Winford Rousseau leaves his gentleman manners to Paul David Mount.

## DEDICATION

We, the members of the ninth grade of Limrock School do dedicate this annual to the P. T. A. of Limrock. We desire to do this because of the many outstanding deeds they have performed for the school

The P. T. A. has aided us in the building of the new cafeteria and the equipment necessary. Also, they have helped buy many things we probably wouldn't had otherwise.

We the ninth grade wish to express our appreciation for everything you've done.
