UNDERCLASSMEN

We Have Only Just Begun . . .

Things are jumping here at North Jackson High as a new Junior class, full of fresh new opinions, begins their school year. We asked the Juniors to rate their four highest complaints in order of priority. Lunchroom food and procedure tied for first place as students argued their point of sitting in a group with their teacher. Next, school spirit faded away as students slept through pep-RALLIES. Coming in third was school appearance, while most agree the school looks great, debate is still raging over why they put it in a swamp! Well that's a wrap for this year.

Class of '90

We Have Only Just Begun . . .

What makes a teacher great? We popped this question on the Sophomores, so teachers start taking notes. Friendliness and caring were the top two. Most Sophomores agreed that if a teacher was more of a friend than a teacher, students would try to understand them and get along. Also if a teacher would show a more caring attitude instead of "well it doesn't matter, it's for your benefit only," then students would realize that teachers really care about them. Last and not least, some students hate all teachers and say there is no hope for them.

We Have Only Just Begun . . .

The 1988-89 Freshman class is the first of a brand new generation of winners. They started here, and will end here at NJHS. They must carry on the SPIRIT after all have gone. So, we felt it was appropriate to ask them how they felt about our school SPIRIT. The results were less than great. Over half said it was okay or good, but some even went as far as to say that it was worse! Come on people pep up or pep out!

Carman Matthews and Paula Guinn were the first Valedictorian and Salutatorian of NJHS. (center right and bottom right). Barry Arnold gave blood and Sam Houston was the first to enter the National Guard.

Cyndi, Kristie, Valerie, and Kim all worked real hard on the yearbook (while they weren't gossiping).

We've Only Just Begun . . .

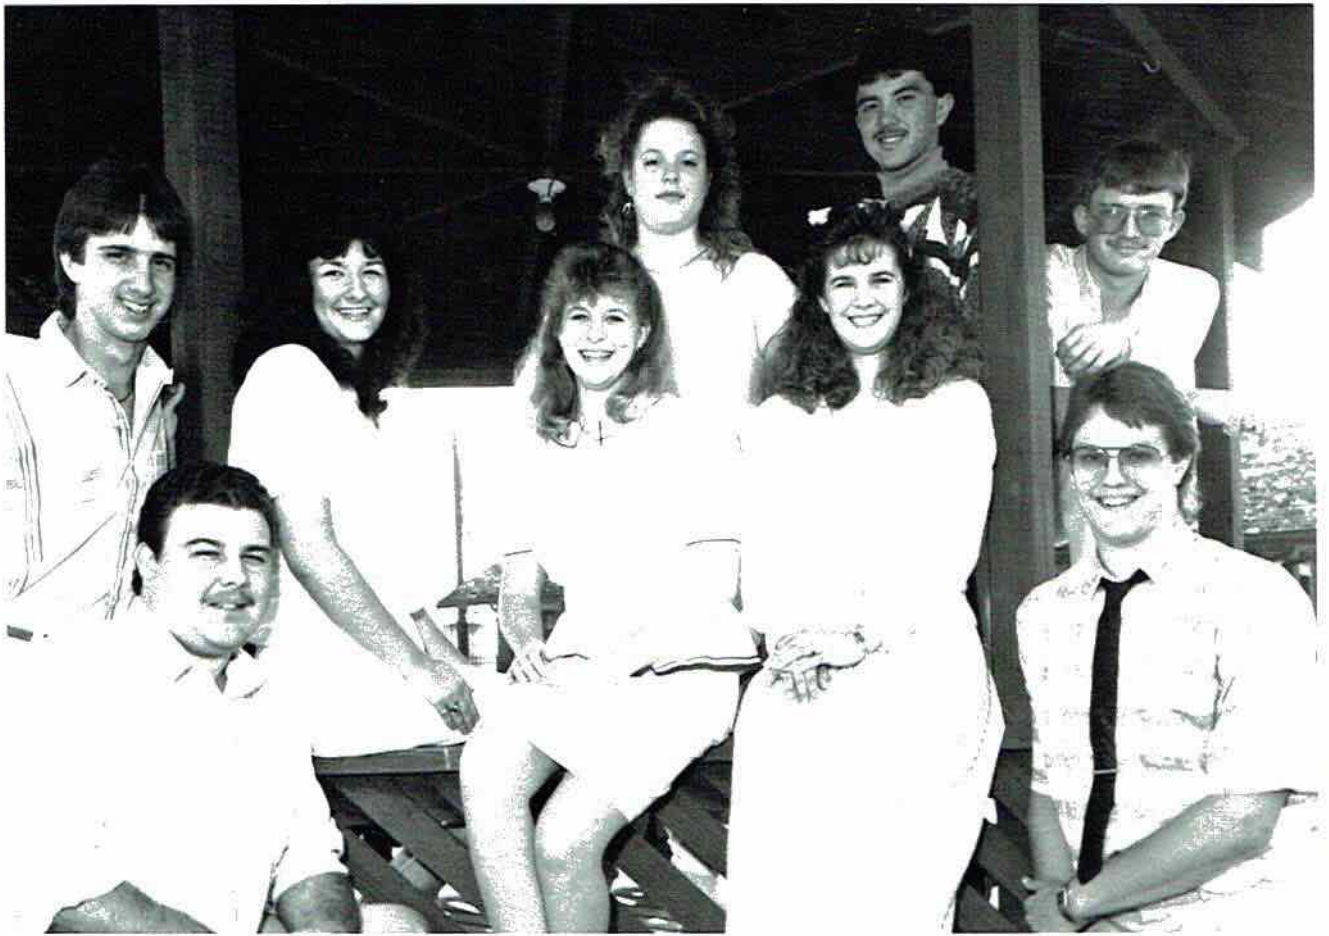

Our foreign exchange student, Els Demuyck, has adapted well to the different teaching methods here in the U.S. We have really enjoyed having her with us.

Eight of the twenty-five seniors that helped with the AASB Dinner are pictured here. All are hard at work except Sam and Anthony. The ladies served and the gentlemen cooked and washed dishes.

Shane Kirk, editor of the *Tomahawk*, is involved in picture taking when this picture was made. Not only was he concerned with picture taking, he had to make sure that all students were where they were supposed to be when they were supposed to be there — A big order to be achieved.

Just Do Your Best

Just do your best
In whatever you do,
Though sometimes it may not
Be easy for you.
Half-heartedness never
Accomplished a goal,
And positive thinking
is food for the soul.

Just do your best,
That's all one can ask,
In spite of the odds.
And though it is little,
Or if it's alot,
You'll know in your heart,
When each day is through,
You've done everything
God expected of you.

1989 TOMAHAWK DEDICATION

The first graduating class of North Jackson High School is one to be greatly admired and respected. These students are doing much more than simply graduating. First, they are paving the way for future graduates of NJHS. Secondly, they are going out into the world with the spirit, dedication, and knowledge acquired only from the consolidation of two such respected schools as Stevenson and Bridgeport High Schools. The Class of 1989 is a group of proud individuals who have set an example to be followed not only by next year's graduating seniors, but by all graduating classes to come. It is from this that they can say proudly and majestically, "WE'VE ONLY JUST BEGUN!"

Congratulations Seniors!

— Ken Powers —

Classmates, friends, and faculty, the first year, here at NJHS, has been terrific. We have learned to work together, instead of against one another, for one goal — the unity of our two beautiful communities. Working together, we have accomplished far more than either of our former schools could have accomplished alone. The support that has been behind our new school is greatly appreciated by all.

I want to thank the NJHS faculty and staff for working together to provide for us the best educational facility in the state. It hurts to think that we must leave the **Home of the Chiefs**.

Shane Kirk, Editor

Its colors were bright and dignified against the grey mountain and almost black sky. It beat constantly against its anchor in the harsh, blasting wind. It visibly fought the furious rain. It tossed to and fro, for what seemed like years. In the distance, thunder roared and lightning flashed. And then suddenly, a calm was upon it. It hung lifeless in despair. The rain drowning it with its tears. Already clinging only half way up its anchor, it seemed to slide even further down. This was something new to it. In the past, it had stood for freedom, civil rights, bravery, and home. Suddenly, this symbol of patriotism was being asked to do something it could not bear. But, somehow, it did. Now, it alternated emotions: flinging about in anger, giving itself up in hopelessness, and hanging limp in sorrow. Finally, it was carried inside and cared for. For four more days, it dreadfully performed its duty at half-mast. But, it never forgot that fourth day in April when it hung helplessly, as the whole world cried.
