

Panorama

1974

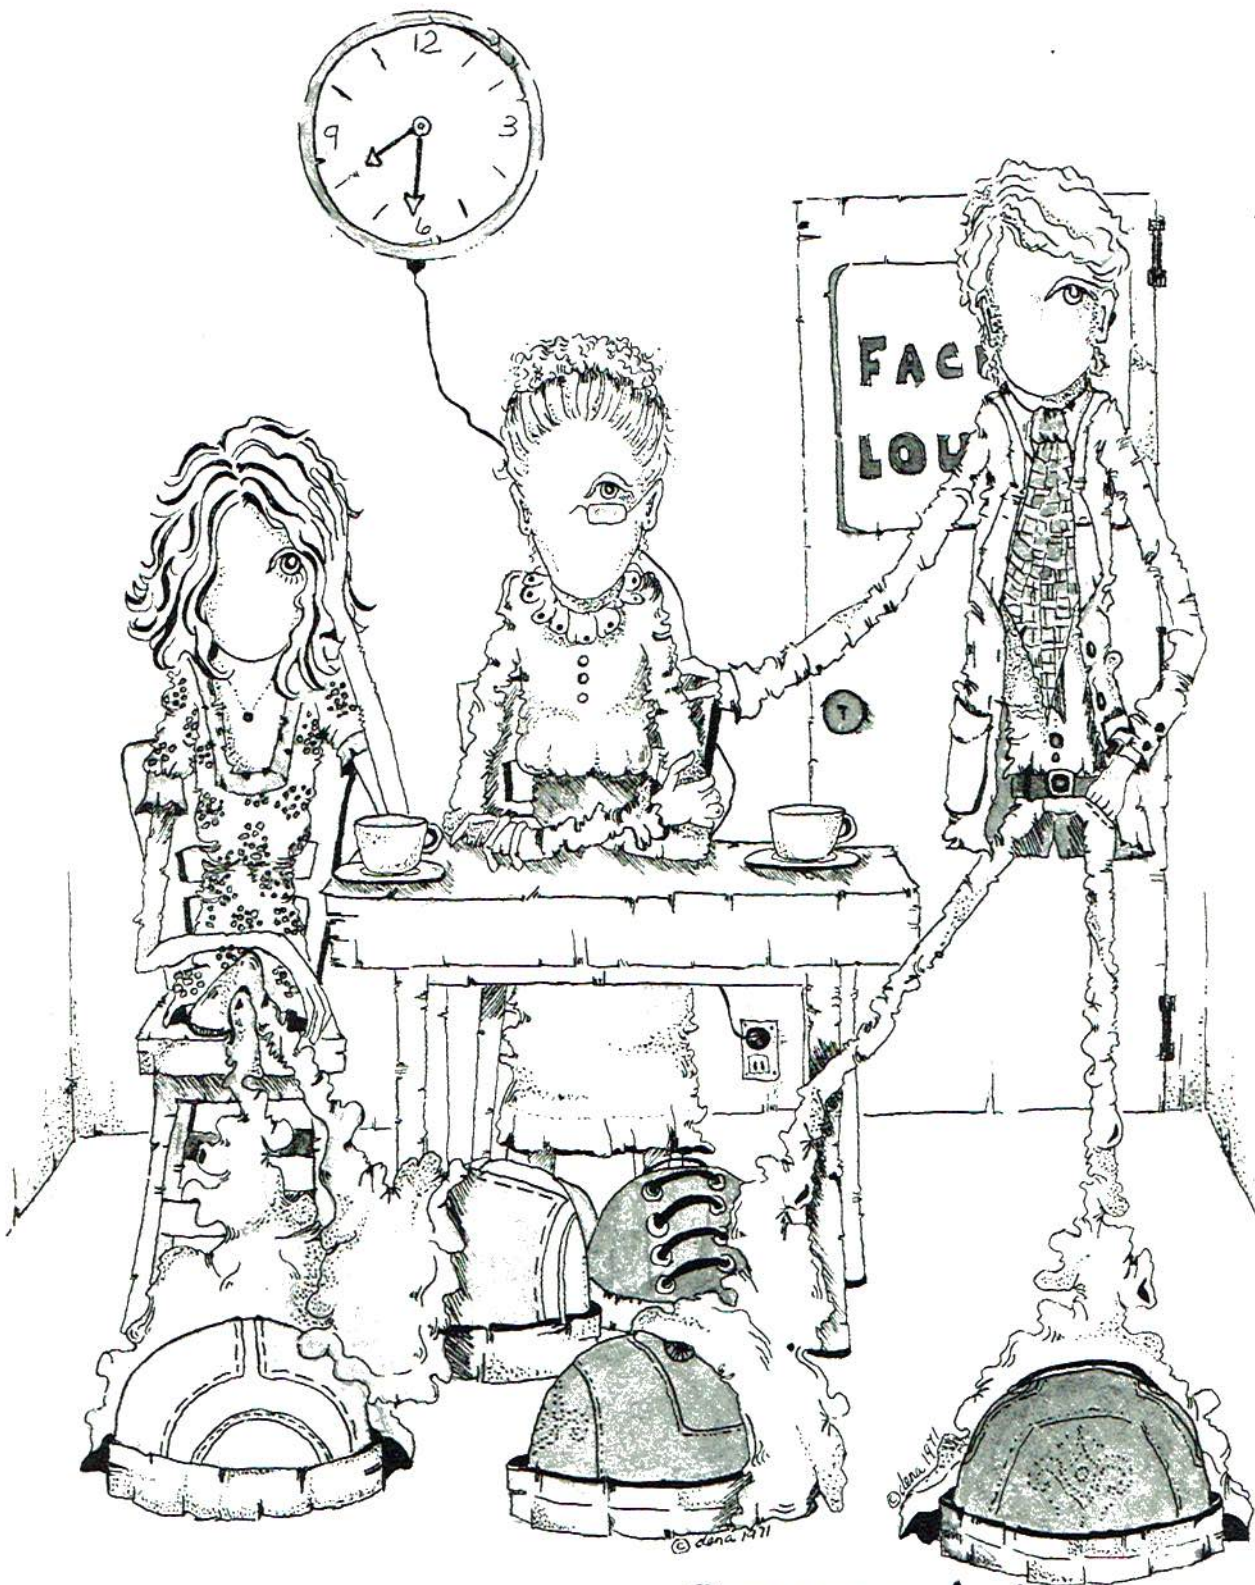

Dedication

The Senior Class of
Paint Rock Valley High School
Princeton, Alabama

Do dedicate this volume of

THE PANORAMA 1974

to Mrs. Louise Putman who has been our class sponsor during our junior and senior years. She has spent many hours helping and encouraging us. We appreciate all the things she has done for us and the other students of the school. We have learned to admire and appreciate her as a good leader, a faithful worker, a good teacher, and a Christian lady.

PANORAMA

The Senior Class of Paint Rock Valley High School, Princeton, Alabama, dedicates this 1962 volume of our school year-book, THE PANORAMA, to our principal, Mr. V. C. Payne. We appreciate Mr. Payne's work with us these last three years of high school. We appreciate his patience, guidance and helpful spirit and shall always strive to reach the high standards and goals he has challenged us with.

Chapter 3 THE BEGINNINGS OF THE UNITED STATES

The roots of American government reach deep into the past. One way of government did not suddenly appear after being set at the work of solving political situations, and Nor was it pulled out of thin air by the

Our English Heritage The French, Spanish, Dutch, Norwegian, and other European settlers in parts of what was to become the United States. But it was the English who came in the largest numbers. And it was the English who, in the thirteen colonies, that established for 150 years along the Atlantic

These early pioneers who cleared the wilderness and built the first settlements in the New World. All they came here in search of a better

Founding Fathers of independence the summer of 1776. Britain in the development through time 1776 and 1787. We shall now review the points of their beginnings.

The Colonial Period The first and the second half of the colonial period were marked by the political and economic growth of the colonies. The first half of the colonial period was marked by the political and economic growth of the colonies. The first half of the colonial period was marked by the political and economic growth of the colonies.

SETTLERS AT WORK
Early Americans had to live together in business, if they would not starve. This was called "government of men to live," the beginning of a government of men.

of which are to be found today — courts, lawyers, juries, sheriffs, customs. And all of these were well known in England long before the first English settlers arrived in America.

(2) **The First Concepts of Limited Government and Civil Liberties** These concepts, which then, too, the first settlers brought with them, and which are still fundamental to American government, that government is limited in what it may do, and that the rights of the individual are to be protected.

that each man has certain rights that government cannot injure or take away. These great principles of freedom were proclaimed in such historic English documents as the Magna Carta in 1215; the Petition of Right in 1628; and the Bill of Rights and the Act of Toleration of 1689.

(3) **The Concept of Representative Government** A third, equally important concept brought to America in English ships was that of representative government. First conceived there and later developed in England the

We thank Taylor Publishing
Company of Dallas, Texas and
all others who have in any way
co-operated with us in helping
to publish this book. We are
grateful to you, our reader,
and hope you will be reminded
of happy days at Paint Rock
Valley High school.

We thank each advertiser
for your support of our year-
book! We urge the students,
parents and faculty members
to patronize our advertisers.
