Rudder Funeral Home

This Stevenson firm has been unusually successful in the conduct of their business by reason of the fact they offer a most complete service through their burial insurance contracts.

Mr. Rudder's is an old established business of this section. They are the authorized morticians to service the Brown Funeral Service policies. They offer a service that is unexcelled.

They specialize in a most complete service. From the time they are called on the phone, day or night, the relatives and friends are relieved of all

details. They take complete charge and have the most able assistants in all departments for carrying out the wishes of the family of the deceased.

In this issue we are glad to compliment the Rudder Funeral Home upon their very modern service and to call the attention of the public to the prominent position they occupy in the business and professional world because of the fact they keep up with the ever changing times and offer one of the most complete services of any company in the south.
